

Логопедические нейрокарточки

«РАЗЛИЧАЕМ ЗВУКИ»

(с переключением позы рук)

Автор: Канаева Оксана

Канаева О.Ф.

Авторское логопедическое пособие по автоматизации,
дифференциации и моторному планированию
звуков раннего и позднего онтогенеза

«Различаем звуки»

Пособие предназначено для детей 4 – 10 лет.

Комплект состоит: 70 нейрокарточек на различение ранних и поздних звуков в словах.

Образец работы с карточкой (на примере слов «ДОМ – ТОМ»):

1. Назови картинку: ДОМ-ТОМ (говорим с моторным переключением позы рук).
2. Назови ласково: домик-томик (говорим с моторным переключением позы рук).
3. Посчитай от 1 до 5: один дом (том), два дома (тома), три дома (тома), четыре дома (тома), пять домов (томов).
4. Повтори со словом «нет»: дом - нет дома, том - нет тома.
5. Скажи «один-много»: дом - дома, том - тома.
6. Придумай предложения: «В доме много книг - Мне подарили два тома сказок».

Желаю вашим деткам правильных звуков!!!

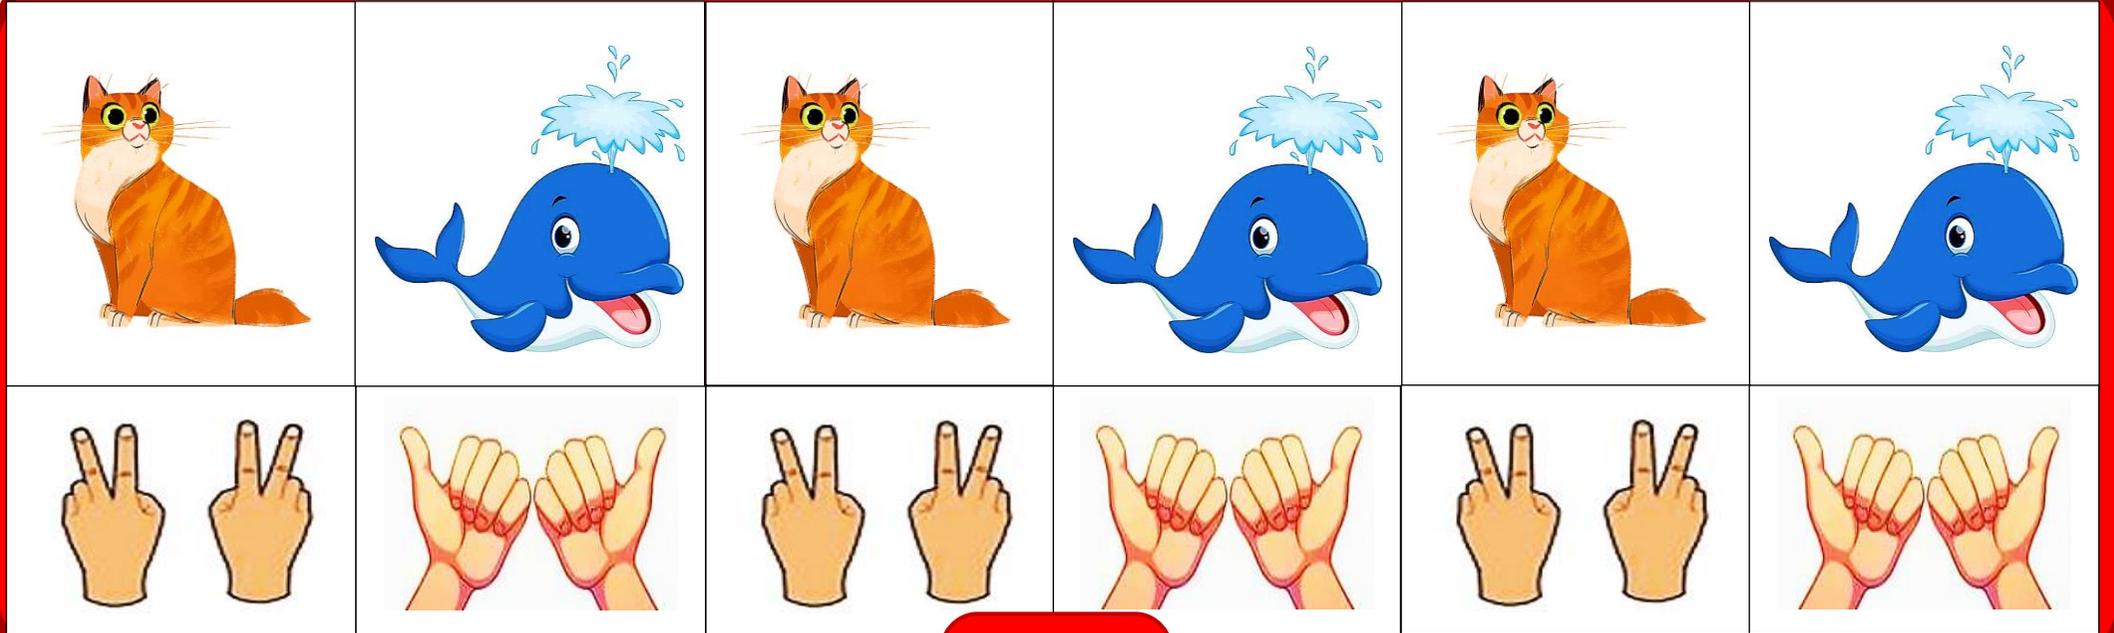

С уважением Оксана Канаева
